**Subject:** Various Documents Reference the Corpus Chrisiti Harbor Bridge Project

Carrie,

Jeannine asked that I send you the attached documents on the Corpus Christi Harbor Bridge Project so that you can create a folder for Layla Mansuri and Jeannine that includes these materials. These will be used for discussion in the meeting I've asked you to set up with Layla, Jeannine and me either Wed Jan. 4th or Thurs Jan. 5th.

Jeannine I've spoken with John Mc Farlane of the NEPA team in 6 EN and he said that they didn't make any comments on the Draft EJ Methodology and Workplan because they felt that it was a good first and very preliminary effort. We reviewed it as well and felt that it was a good first effort that reflected several of the concepts that I discussed with them when TXDot and FHWA staff met with EPA staff back in the early fall. This Draft EJ Methodology is by no means completed yet and we'll get several additional looks at it before its finalized. Pay particular attention to the time line in the power point presentation of TxDot/FHWA.
